U.S. ENVIRONMENTAL PROTECTION AGENCY  
Office of Pesticide Programs  
Registration Division (H7505C)  
401 "M" St., S.W.  
Washington, D.C. 20460

EPA Reg. Number:  
72155-16

Date of Issuance:  
MAY 15 2002

NOTICE OF PESTICIDE:  
 Registration  
 Reregistration

Term of Issuance:  
Conditional

Name of Pesticide Product:  
Glyphosate 2% RTU  
Herbicide

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Bayer Advanced LLC  
1500 Urban Center Drive  
Birmingham, AL 35242

**Note:** Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with section 3(c)(7)(A) and (B) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) provided that you:

1. Submit/cite all data required for registration/reregistration of your product when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment.
  - a. Add the phrase "EPA Registration No. 72155-16".
  - b. Under "Environmental Hazards" add the following statement "Do not contaminate water when disposing of equipment washwaters or rinsate."

Submit three (3) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of labeling is enclosed for your records.

# GLYPHOSATE 2% RTU

## Herbicide

- Ready-to-Use - No Mixing
- For Nonselective Postemergent Weed Control
- Contains Glyphosate
- Covers Approximately 650 sq. ft. (24 fl. oz.)
- Systemic Weed and Grass Killer for Spot Treatment of Unwanted Weeds and Grasses
- Kills Weeds and Grasses Listed on This Label
- Kills to the Root
- No Soil Residual Activity
- Kills Roots and All in 1 - 2 Weeks
- Kills Even the Toughest Weeds
- For Use Around Flower Beds, Trees, Shrubs, Fences, Walks, Mulch Beds, Gravel and Driveways
- Ideal for Vegetable Garden Weed Control
- Rainproof in Hours
- Results in Less than 24 Hours
- Starts to Kill Overnight
- Starts Working in Hours
- Contains SmartTrack™, a non-staining marker that indicates where you've sprayed.
- Dead Weeds Guaranteed
- Even Kills Tough Brushy Weeds
- Beautify the Landscape - Remove Unwanted Weeds
- Container treats more than 180 weeds (24 fl. oz.)

**ACTIVE INGREDIENTS:**

Glyphosate, isopropylamine salt . . . . . 2.0 %

**OTHER INGREDIENTS:** . . . . . 98.0 %

Net Contents: 24 fl. oz. (709 mL) or 1 Gal. (3.78 L)

**KEEP OUT OF REACH OF CHILDREN**

**CAUTION**

See Back Panel Booklet for Additional Precautionary Statements

(BACK PANEL)

Glyphosate 2% RTU Herbicide quickly kills unwanted weeds, grass, vines and brush - roots and all. It can be used on & around walkways, driveways & patios, in flower beds, vegetable & herb gardens and around fences, buildings, trees & shrubs. This convenient product even controls difficult-to-kill weeds like poison ivy, poison oak & blackberry. Eliminating unsightly weeds, grass, vines and brush from your home's landscape has never been easier.

READ THE LABEL FIRST!

FOR OUTDOOR RESIDENTIAL USE ONLY

EPA Reg. No. 72155-XX

EPA Est. No. XXXX-AA-XX

ACCEPTED  
with COMMENTS  
In EPA Letter Dated  
MAY 15 2002

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act  
as amended, for the pesticide  
registered under EPA Reg. No.  
MAY 15, 2002

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

BEFORE YOU USE

Read and follow directions when using.

- GLYPHOSATE 2% RTU HERBICIDE will kill or injure all green vegetation contacted.
  - Do not spray desirable plants or grasses - they will die too.
  - If a desirable plant is accidentally sprayed, immediately rinse it off with plenty of water.
  - Apply when wind is calm.
  - To avoid tracking product onto desirable plants, keep people and pets off treated areas until spray has dried.
  - This product is not recommended for spot weed control in lawns since it also kills lawn grasses. To control these weeds without harming the lawn, use a selective herbicide such as Bayer Advanced Lawn All-In-One Weed Killer for Lawns.
- All ornamental flowers, trees & shrubs as well as the following berries, fruits, vegetables and herbs may be planted 1 day after application: artichoke (Jerusalem), beans (all), beet greens, blackberry, blueberry, boysenberry, broccoli, Brussels sprout, cabbage (all), carrot, cauliflower, celery, chard (Swiss), chicory, collards, currant, dewberry, elderberry, endive, gooseberry, horseradish, huckleberry, kale, kohlrabi, leek, lentil, lettuce, loganberry, mustard greens, okra, olallieberry, onion, parsley, parsnip, potato, radish, rape greens, raspberry (black & red), rhubarb, rutabaga, spinach, sweet potato, turnip, & yams.
- These fruits, vegetables and herbs may be planted 3 days after application: corn, cucumber, eggplant, garlic, gourds, melons (all), pea (all), pepper (all) pumpkin, squash (summer & winter), tomatillo, tomato (by seed), & watercress.
- Tomatoes from transplants and all berries, fruits, vegetables and herbs not listed in the previous 2 bullet points may be planted 30 days after application.
- If used to control weeds around berries, wait 14 days after the last application before harvesting.

<b>DIRECTIONS FOR USE (Continued)</b>	
<p><b>HOW TO APPLY</b> Shake well before use.</p>	<ul style="list-style-type: none"> <li>Adjust nozzle to a coarse spray.</li> <li>Spray the weeds or grasses you want to kill until thoroughly wet but not dripping.</li> </ul> <p><b>TIPS:</b></p> <ul style="list-style-type: none"> <li>Use a sheet of cardboard or plastic to protect desirable plants from contact with the product.</li> <li>To Kill Vines,               <ul style="list-style-type: none"> <li>For vines growing up non-living objects, such as poles &amp; fences, or tree trunks with mature bark, cut the vines to a height of 3 – 4 feet and spray thoroughly.</li> <li>For vines growing up shrubs or trees with green bark, cut the vines at their base and spray thoroughly.</li> </ul> </li> <li>To Kill Brush,               <ul style="list-style-type: none"> <li>For brush taller than 5 feet, cut to the ground and spray regrowth.</li> </ul> </li> <li>To Kill Stumps,               <ul style="list-style-type: none"> <li>Cut living stump close to the ground.</li> <li>Immediately spray all remaining surfaces thoroughly.</li> </ul> </li> </ul>
<p><b>FOR BEST RESULTS</b></p>	<ul style="list-style-type: none"> <li>Apply on sunny days with daytime temperatures above 60 °F.</li> <li>Rain or watering 2 hours after application will not wash away effectiveness.</li> </ul>
<p><b>HOW GLYPHOSATE 2% RTU HERBICIDE WORKS</b></p>	<p>This nonselective systemic herbicide enters plants through the leaves and moves down into the roots, killing weeds by stopping the production of a substance found only in plants. Any product not absorbed by plants breaks down into natural materials without moving into or on the soil to untreated plants. Weeds yellow and wilt within hours with complete kill in 1 to 2 weeks.</p>

<b>KILLS</b>
